Rhia joined Gepp Solicitors in September 2026 and is a Legal Assistant in our Private Client department.

Having studied Media at Chelmsford College, Rhia went on to spend six years working in a customer-facing role within a café before deciding she wanted to develop her career in an office environment. She is keen to pursue a career in law and is enjoying building her knowledge and experience within Private Client work.

In her role, Rhia supports the team by dealing with client enquiries and providing day-to-day administrative support across the department.

In her spare time, Rhia enjoys running.
